Dear Mark:

Thank you so much for your company's participation in 2003 Chevron Phillips Charity Golf Tournament benefiting Buckner Children and Family Services. With your generous support, this year we raised a record breaking \$105,606! For this significant accomplishment, we sincerely "Thank you"! One hundred percent of this money is used locally to assist the children and families that Buckner provides services to in Southeast Texas.

Buckner is dedicated to the restoration and healing of children and families and has been providing residential and individualized care in Southeast Texas for over 30 years. This dedication and service is the reason Chevron Phillips and its employees have continued to sponsor and support this excellent organization. We have set next year's tournament date as **Friday, September 24, 2004**. We hope you will mark your calendar and look forward to your participation next year.

Sincerely,

Dear Mark,

I want to thank you and Channel 12 for hosting the 2003 Community Baby Shower. Amanda did a great job organizing the event. The entire staff was extremely instrumental in the success of the event.

The items received will be distributed through UTMB Branches in Beaumont, Port Arthur, Orange and Silsbee. UTMB has direct contact with families needing assistance in health care. UTMB will not distribute items until the mother goes through an educational process and receives prenatal care.

Channel 12 has helped to make a difference in mothers receiving adequate prenatal care and babies being born healthy. Thanks for helping us reach the March of Dimes mission to prevent birth defects and lower infant mortality.

Your continued support and commitment are wonderful examples of people in Southeast Texas making a difference in healthier beginning for our local babies.

We appreciate Channel 12 and hope to work with you again next year.

Dear Al,

On behalf of the Board of Directors, staff and volunteers of the "Gift of Life" Program, we express our sincere thanks for your excellent coverage of our program and activities during National Prostate and Breast Cancer Awareness Months and especially for interviewing representatives of our program on your show.

It is through KLVI's commitment and that of our other supporters and volunteers that we can boast of providing almost 350 free mammograms and clinical breast exams on the UTMB mobile van, over 100 free mammograms at Memorial Hermann Baptist Hospitals and more than 225 free complete prostate cancer screenings. The "Gift of Life" also reached hundreds of other individuals through educational outreach programs. In addition, your assistance helped ensure the success of our fifth annual Women's Health Forum at Lamar University with program partner, The University of Texas M.D. Anderson Cancer Center, and that was attended by more than 500 nursing professionals and students.

With the involvement of dedicated partners like you, we are continually working to decrease the incidence of death from breast and prostate cancer in Southeast Texas. Your willingness to provide coverage of our activities throughout the year is so meaningful to the success of our mission.

We are grateful.

Dear Shon:

Thank you so very much for the outstanding campaign you created for the Harlem Globetrotters. I am pleased to say that this year's attendance was nearly double last year's and I think a huge part of that success can be attributed to your efforts. Your expertise is unmatched in this market and the ease with which you create excitement and "buzz" around a show is just wonderful.

I look forward to working with you again on future projects.

Dear Vesta,

You've probably heard, but thanks to Clear Channel Radio's sponsorship of the 10th annual DESK School Supply Program, donations at the end of last Saturday's closing remote exceeded 2002 contributions by nearly \$20,000 thousand dollars and the 'gifts' are still rolling in!

It was a privilege and honor to work so with so many of the professionals at Clear Channel-Beaumont, including: Larry Crumpton who helped initiate the sponsorship, Jim West who featured DESK in photos, copy and sound bites on his show and in The Examiner; Neil Harrison who assured news coverage, and the great veterans Al Caldwell and Jack Piper who also went 'above and beyond the call of duty' to promote the effort.

I worked with Shon Hodgkinson, almost on a daily basis, during the seven-week campaign. His dedication, thoroughness and marketing skills are quite remarkable. Shon gave great attention to every detail assuring that DESK/Clear Channel promotions, interviews and remotes went off without a hitch. I would be thrilled to work with him again on any project!

To follow, you will find a list of my marketing efforts for DESK 2003, which began in March. In my sixth year serving DESK, marketing and public relations duties increased tremendously with the addition of two new 'sponsors' and because the length of the campaign was extended to seven weeks.

Respectfully Yours,

Cecile Burandt

Subject: Thank you for 9/23 show

Public File

Don,

I wanted to send you a thank you for your show on 9/23. I was in Houston and unable to call the show that day. You quoted a statistic that about 40% of the population approves (or thinks like you do) as I recall, you also stated that slightly more than 50% of the callers that day don't approve. That is about in line with the aforementioned statistic isn't? I really appreciated your levelheaded approach to the subject matter of that day. The fact that you allow for both pro and con views on issues (not just the one for that day) makes for a great show. On your show I feel that everyone is treated with respect and that is important to me in order for me to listen to a show for any length of time. Even with you giving respect you still get a wide range of callers and opinions on the subjects you cover.

I am not able to be "out" at work because my business would suffer at this point, I wish more people had your "live and let live" attitude about what consenting adults do behind closed doors. Thank you again for your opinion that people are people and everyone deserves to find love. I personally have had friends that were with their partners for a long period of time and then one of them ended up in the hospital (some from being sick and some in auto accidents), but because they were not "immediate family" they were barred from being with them. I work in the financial services industry and see the hardships same sex couples must face trying to plan a life and retirement together, even though it is getting better.

You mentioned something on your show that day about homosexuals being "in your (society) face" and you didn't understand why. I do not make any excuse for that behavior or condone it, however, I think some of the reasons for that behavior is the fact that society tells them to hide a part of them for so long that when they finally get the courage to be themselves they go all out with a certain amount of rage that has been building up. I personally know of 14, 15 & 16 year olds that have been thrown out onto the streets when they opened up to their parents. I have seen people beaten up, some even put into the hospital, for being "different". I also know of others, and experienced myself, that have been thrown out of churches or ostracized from churches for being gay. Again, I don't condone the action or attitude of "being in your face", but could you really blame them for having anger at society and certain institutions that they feel have betrayed them? I do have some friends that did this when they came out and after talking to them we came up with better ways to deal with the anger.

Again, thank you for being willing to have an intellectual conversation on the subject of that day.

In addition to receiving a great response from your listening audience (we conducted 75 PSA blood tests and digitals for the medically underserved in Port Arthur last Saturday), being on your show is always an enjoyable experience.

We are so grateful and send our thanks and love.

Dear Jack;

LifeShare Blood Centers would like to thank you for your participation in our September 11th Memorial Ceremony. We realize that your station is called on to provide free advertising and promotions to many worth while organizations. We want you and everyone at Clear Channel to know how much we appreciate your support. The live broadcasts from the Blood Center made all the difference in the success of the day. As you may have heard, we had approximately 100 blood donors stop by on September 11th to show their support.

LifeShare Blood Centers has a tremendous responsibility to the patients we serve. Without the help from area businesses like Clear Channel as well as the community, our job would be much more difficult. We depend on your continued support to provide the necessary blood and blood components to all patients in Southeast Texas.

Thanks again and we hope to see you at our next September 11th Memorial Ceremony. "We Will Never Forget".

Dear Roger,

Everyone at LifeShare Blood Centers would like to thank you for your participation in our September 11th Memorial Ceremony. We realize that your station is called on to provide free advertising and promotions to many worth while organizations. We want you and everyone at Clear Channel to know how much we appreciate your support. The live broadcasts from the Blood Center made all the difference in the success of the day. As you may have heard, we had approximately 100 blood donors stop by on September 11th to show their support.

LifeShare Blood Centers has a tremendous responsibility to the patients we serve. Without the help from area businesses like Clear Channel as well as the community, our job would be much more difficult. We depend on your continued support to provide the necessary blood and blood components to all patients in Southeast Texas.

Thanks again and we hope to see you at our next September 11th Memorial Ceremony. "We Will Never Forget".

Sincerely,

Dear Jim,

Thanks so much for having Dr. Thomas, Ruthie and me on Al's show this morning. It was very enjoyable, and I am confident that our message reached many people. It is comforting to know that the "Gift of Life" has committed friends like you, Al, and KLVI to assist in publicizing events where we provide free services.

Although Al was missed, we were delighted to have the opportunity to visit with you. You are a great guy and very much appreciated.

With our gratitude (and our love ☺)

Mr. Larry Crumpton
Clear Channel Radio
2855 I H 10 East
Beaumont, Texas 77702

Dear Larry::

In behalf of all of us at BMW of Beaumont/Mike Smith Autoplaza thank you and the staff of Clear Channel Radio for helping make the BMW Ultimate Drive for the Susan G. Komen Breast Cancer Foundation an overwhelming success.

Through your efforts we had more than 120 people take 244 test drives in BMW automobiles and logged nearly 5000 miles during the course of the day. For each mile logged BMW of North America will donate \$1.00 per mile to the Komen Foundation.

We plan to continue to host this event next year and in years that follow as it is certainly a worthwhile cause. Those who participated expressed interest that the event be repeated.

We hope that Clear Channel Radio will consider supporting the event next year and help raise more needed dollars for this foundation.

Thank you again for all of your assistance and interest.

Sincerely,

Dear Jack,

Thanks so much for always being so helpful. Whenever the "Gift of Life" needs assistance in publicizing an event where we are providing free services, you and KLVI are there for us. It is truly so comforting!

In addition to receiving a great response from your listening audience (we conducted 75 PSA blood tests and digitals for the medically underserved in Port Arthur last Saturday), being on your show is always an enjoyable experience.

We are so grateful and send our thanks and love.
